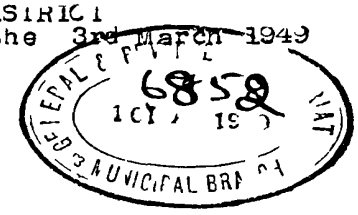
OFFICE OF THE DEPUTY COMMISSIONER
BANGALORE DISTRICT
Dated, Bangalore, the 3rd March 1949



JANAB MIR SARDAR HUSSAIN, B A ,
Secretary to the Government of Mysore,
General Department,
Bangalore

Sir,

Sub Leasing out the right to collect tolls in Kankanhalli town municipality

It is reported by the President, Town Municipal council Kankanhalli, that the right to collect tolls in Kankanhalli town was being leased out in public auction year after year up to the end of 1942-43, that from 1943-44 and onwards it was being worked out departmentally, that the net savings to the Municipality under both agencies were almost the same, that in future the municipality is likely to incur loss under this head if the toll-gates are worked out departmentally as the toll-gate staff will have to be paid enhanced rates of pay in accordance with the revision of pay sanctioned by Government and that therefore, the right of collecting tolls henceforth might be permitted to be leased out in public auction as resolved by the Municipal council at their meeting held on 31-12-48

In this connection it may be stated that Government while sanctioning a loan to the municipality in connection with the drainage scheme directed that a drainage cess may be levied and that the income realised therefrom as well as also the receipts from toll gates to be worked out departmentally might be set apart for repayment of the loan sanctioned The President has now suggested that instead of the receipts from toll-gates to be worked out departmentally (which is likely to result in loss instead of savings) the lease amounts that would be collected from the contractors would be set apart for the repayment of the loan already sanctioned

It is seen from the statistics of realisations furnished by the President that the average receipts by leasing out the right to collect tolls was Rs 408 per annum as against the net savings of Rs 340-5-10 by working it out departmentally The average receipts through the latter agency i e working it out departmentally during the past five years was Rs 1813-6-9 per annum as against an average expenditure of Rs 1473 per annum Assuming that in future also the receipts would be not less than the above amount, the expenditure side will increase to Rs 1872 p a at Rs 26 p m to 6 toll-gate keepers exclusive of expenditure on Printing ticket books etc , clothing to peons, purchase of kerosine oil Thus there will be a loss to the institution instead of savings under this head and the resolution of the municipal council is reasonable

In these circumstances I request that sanction may kindly be accorded to the resolution of the Municipal council dated 31-12-48 and the right to collect tolls may kindly be ordered to be leased out with effect from the year 1949-50

The connected file of records received with Presidents lett No C 176/48-49 dated 18/21st Jany 49 is enclosed for f/o reference

Yours faithfully,

DEPUTY COMMISSIONER

the Municipal Commissioner for licensing and the right of auction was ordered to be done away with in G.O. No. L.6761-M/ml 131-39-3 dated 1-2-1940 with a view to prevent abuse of the right and unnecessary annoyance and inconvenience to the public. It was suggested in the order to memorise the collection charges that the services of the auctioneer establishment might be utilised for collection of the tolls of parking and the employment of such and similar expedients, tenders practically effectively have certainly helped to increase realisation of the toll revenues. The proposals now before Government above conclusions
